About Me:

I am working on web development platform for the last 4 years. During this time I've worked on several magento & wordpress projects and I gathered knowledge more on magento & wordpress and its components. My expert areas are PHP(core), Javascript, JQuery, Prototype, HTML/CSS etc. And also **Magento extension and Wordpress plugins development & customization**, **Wordpress/Magento installation on servers**, **Version upgrade etc.** in a nutshell I can do any type of web development work.
